

General list of equipment and appliances

The equipment and appliances listed are subject to regulatory requirement

Bolded items are Level 3 or level 2 In-scope or Declared Articles

AC/DC Adaptors – See **Power supply or charger**

Appliance connector – Includes appliance, sewing machine and interconnection couplers

Air conditioner incorporating flammable refrigerant - Includes: Split, window-wall and portable types

Air conditioner incorporating non-flammable or low flammable refrigerant - Includes: Split, window-wall and portable types

Arc welding machine - Includes: gas-shielded type

Aquarium heater – (see **Immersion heater**)

Bayonet lampholder - for 15 and 22mm types

Bayonet lampholder adaptor - B22 cap type

Beauty care lamp – includes optical radiation cosmetic devices and nail hardeners

Blanket - Includes: Under, over and wraps

Bread toaster

Building wiring cable - includes general types of cable permanently installed into structures such as houses and commercial buildings.

Ceiling fan – (see **Fan**)

Circuit breakers – (see **Miniature over-current circuit breaker**)

Clothes dryer - includes tumble and cabinet types

Control or conditioning device - portable types

Cooking appliance—portable type – Includes: Bread makers, Ovens, Deep fryer, roasters, Food dehydrators, rotisseries, Frypans, Sandwich toasters, Grills, Grillers, Waffle irons, Hotplate, Warming plates, Indoor Barbeques, Woks, Outdoor barbeques, Rice or Slow Cookers

Cord extension socket

Cord-line switch

Cords – (See **Supply flexible cords**)

Christmas lights – (see **Decorative lighting outfit**)

DC isolator for PV energy storage systems

Decorative lighting outfit – includes portable type Christmas, party and other festival lighting

Dishwashing machine

Double adaptor – (see **Outlet device**)

Double capped light emitting semiconductor lamp - LED Tubes

Edison screw lampholder - for 14 and 27mm types

Electric hot water bottle

Evaporative cooler

Extra low voltage power supply - (see **Power supply or charger**)

Fan - Includes fixed (ceiling, wall mounted, heat shifters, duct fans) and portable types for extraction or comfort purposes

Fence energizer

Floor lamps – (see **Luminaire – portable type**)

Flexible heating pad

Floor polisher/scrubber

Fluorescent lamp ballast

Fluorescent lamp starter

Glue gun

Hair care appliance – includes Brushes, Dryers, Combs, Curling irons, Rollers, Curling wands, Straighteners

Heating pad – flexible

Hedge clipper

Immersion heater – includes aquarium heaters

Insect electrocutor

Inspection handlamp

General list of equipment and appliances

Iron – includes fabric steamers

Kitchen machine

Lawn care appliance - includes lawn mowers including robotic types, trimmers and shears

LED Driver - (see **Power supply or charger**)

LED Lamp - (see **Light emitting semiconductor lamp (self-ballasted)**)

Light emitting semiconductor lamp (self-ballasted)

Light switch – (see **Wall switch**)

Liquid heating appliance – includes bottle warmers, kettles, coffee makers, deep fryers, vaporisers, humidifiers.

Luminaire – includes portable, inspection hand lamps, recessed LED luminaires

Luminaire—portable type. - includes all portable clip, desk, table and floor lamps

Massage appliance only portable types

Microwave oven - includes those with grill, convection and other cooking function types

Miniature over-current circuit breaker (MCB)

Nightlight—mains socket-outlet mounted - direct plug-in type

Outlet device - includes double and travel adaptors, power boards

Oven – (see **Range** or **Cooking appliance – portable type**)

Over blanket / Duvet / Wrap

Party lights – (see **Decorative lighting outfit**)

Plug

Pool pump

Power line communication device – Includes wireless extenders

Power board - (see **Outlet device**)

Power point - (see **Socket-outlet**)

Power supply or charger - includes all types of transformers and chargers used for or with toys, bells, appliances, lights, batteries, electronic devices such as, cameras, phones laptops, TV's and similar.

Pump – includes **pool, spa**, types for household water & garden supply, **submersible**

Projector – includes slide and moving film projectors

Range - includes free-standing, built-in hotplate or grill, wall ovens, steam ovens

Range hood

Razor/hair clipper

Recessed Luminaire—light emitting semiconductor type - (semi or fully recessed lighting “downlights”)

Refrigerating appliance - includes fridges, freezers, wine fridge/cooler

Residual current device (RCD, RCBO) – includes fixed and portable types

Room heater – includes portable and fixed types

Sewing machine

Shavers - (see **Razor/hair clipper**)

Simple portable luminaire

Socket-outlet - includes types permanently fixed to floor, wall, ceiling, bench, desk, table or other furniture

Soldering iron – includes devices for applying and removing solder

Submersible pump

Supply flexible cord – unscreened types

Swimming pool/spa equipment – includes pool pumps, blowers, heaters and control units, spa pools, UV water treatment devices

Television receiver—CRT type - Cathode Ray Tube types

Television receiver—non-CRT type – LCD, LED and similar types

Therapeutic lamp

Tool—portable type – includes most electric hand-held tools

Travel adaptor – (see **Outlet device**)

Vacuum cleaner - includes dry, wet, wet & dry and garden types

Video and image display device

Wall fan – (see **Fan**)
